BETTER SKILLED BRIGHTER FUTURE

THE NEED :

- The schools and colleges emphasize on rote learning rather than focus on imparting real-life skills.
- Lack of adequate facilities for vocational training and skill development. BGIS to cater to the needs of the youths (women & men) and elderly plus Industry.

THE PROJECT :

- To provide the underprivileged people including women and elderly Skill Development and Vocational Training ; BGIS is setting up a world class vocational Training and Skill Development Institute through Centers of Excellence . To Empower both the genders of our country by equipping them with relevant Skill & Appropriate Vocational Training.
- Enabling them to be employable and be productive participants in the sustained Development of our country.
- Mathura District has been chosen as it has a huge gap in supply and demand of Vocational Training & Skill Development.
